## Metal Quick Disconnect Kit

**\$79.95**

Metal fuel line couplers. Made by Colder Products which is the OEM supplier of the BMW plastic fuel couplers. Made of chrome plated brass, custom fitted with Viton O-rings which are compatible with today's fuels.

Replaces stock plastic fuel line couplers which are fragile and prone to breakage. Can be installed on pre-2002 models that are not equipped with quick disconnects.

[Click to enlarge](#)

If you have a 2002 or later model with the BMW plastic couplings, you can purchase just our male couplings which are compatible with the stock female coupling. See the "Fuel Hose, Couplers" category for more options.

This kit includes:

- 2 x 5/16" Male Fittings
- 2 x 5/16" Female Fittings
- 4 x BMW Stainless Steel Screw Clamps
